

AI Traffic Shaping for Pubs

Less throttling, More Thriving

Maximize SSP revenue with industry-leading Traffic Shaping, powered by advanced machine learning and user profiling. Deliver the most relevant traffic to each bidder and unlock the full revenue potential of your inventory.

Let's Talk!

Unique Features

Higher ad fill rates and CPMs

Reduce the throttling applied by SSPs, increasing the number of DSPs the SSP calls for valuable inventory

Better DSP relationships

Provide your demand partners strong inventory by only sending relevant traffic

Green Traffic

Less carbon emissions with higher quality traffic by reducing digital waste up to 60%

Predictions with real-time user profiles

By creating users profiles in real-time, enabling high-accuracy ML predictions, AY matches trillions of ad requests to the right demand partners in microseconds

Fast and easy integration

One script, no changes to Prebid needed. Granular reporting on its impact on auctions and results
