and more...

"AUDIENCE ACTIONS AND INTENTIONS"

Our AI Monetization feature understands your audience's behavior, switching from CPM to CPC at just the right time and session depth. By determining user intent and the potential revenue of additional content, we ensure higher eCPMs, better fill rates, and maximized revenue per session and minute of engagement.

"LONGER VISITS & HIGHER ENGAGEMENT"

AI Content Suggestions

Boost user engagement with AI Content Suggestions. Leveraging Large Language Models with context and revenue, we offer tailored next-article suggestions based on user interests and contextual demand. The results? Longer visit times, higher engagement, increased high-value advertiser value, and more revenue, all without a warm-up period.
